Excerpt from 2016-2017 Student/Parent Handbook:

College Visitation Days: Students are encouraged and expected to use their vacations and other free days to contact and visit colleges. When parents feel it is necessary to use a school day for such a visit the following guidelines must apply:

1. Seniors may use two days for college visitation and juniors may use one day.
2. Notify the high school office at least one (1) day before the college visit.
3. Upon returning from college, students must present written verification (*above form*) from the college.
4. If the above is followed, the College Visitation Days will count as an approved school-related activity.
5. Students are responsible for missed work. Quizzes/tests should be taken upon returning and assignments turned in.
